### PLUS is not just any band, but the innovative concept of professional DJ and premium live acts.

We are not just any band, we are PLUS - DJ plus live acts. Our name says it all: we go forward with energy, passion and entertainment. PLUS, PLUS, PLUS! We perform your favourite songs in a fresh guise, always with the right amount of action for the perfect party. Musically, we promise you unlimited fun: the latest songs from the charts and classics, but also excursions into hip hop, rock or club sounds are our playground. Gilded with our PLUS sound and the absolutely great PLUS performance. We adapt our line-up to your agenda: our DJ always forms the foundation and chases hot beats around your ears. There are also at least two great live acts to provide you with a good dose of energy. And big events - we can do them all! Pimp the line-up with more singers in the front, percussion, guitar and many more great instrumentalists! Let's stay positive - start your party with PLUS! What do you need more?! Let's start the adventure. We promise you entertainment that you won't soon forget.
