**The SENSORIUM is the new centre for wine & enjoyment, with a light experiment and blind tasting.**

Cologne and the surrounding area now have one more attraction: the Sensorium - the new experience centre for wine & enjoyment. For the first time, the successful gaming concept of the original "Casino Vinophil. Das Wein-Casino", which has been touring Europe for almost 15 years, is being brought together with its exclusive gaming tables in a permanent location: the atmospheric ambience of an estate on the outskirts of Cologne. Complemented by new tools such as blind tasting and light experiments, the "Sensorium" is a special place to experience wine & enjoyment. Here, the best entertainment, enjoyable networking and exciting interaction combine to create effective winetainment for up to 40 people.
