

Build a bridge

Creative

Sporting activities

Cross the chasm that separates your teams - internally and in reality!

We bring materials such as ropes and carabiners, knowledge of safe knots and rope tensions and ensure the safety of the participants. Creativity, responsibility, risk awareness and cooperation across the gorge are required from your team when it comes to ideas, failed attempts and new ideas.

A team-building activity in which many of your employees' hidden skills can be discovered. This activity can be implemented as team training with interim and final reflection and strict rules or as a relaxed, fun competition.
