

Goldi treasure hunt

Join Goldi on the search for the rain treasure and follow in the footsteps of the water Indians.

Equipped with a canoe and smartphone, the treasure hunt starts at Kanuwelt Buochs and leads along the waterway along the Bürgenstock. There are many puzzles to solve along the way, which lead to the rain treasure. There are lovely swimming and picnic spots along the water to take a break from the puzzles. A reward awaits the successful treasure hunters in the canoe world.
