Golf

Rastede Golfplatz zugeschnitten.jpg

"Quality, not quantity" - A golf course for high demands - also suited for beginners.

On the outskirts of the residential town of Rastede, things get sporty on the 18-hole golf course of the "Oldenburg Golf Club". The well-kept facility, the "Proshop" (accessory shop) and the modern clubhouse invite our guests to extensive golf sessions. At the Oldenburg Golf Club, anyone who is interested in golf can play - if they have acquired their "Platzreife" license from the DGV (German Golf Association) or are taking part in a taster- or advanced course. The taster course "Play Golf - Have Fun" introduces you to the sport of golf in a 2-hour introduction with professional guidance - all you need to bring is sneakers! This course is particularly good for finding out whether golf is something you want to indulge in.
