

Niederhorn scooter bikes

vélo / bike / Scooter summer

Bergbahnen Niederhorn, Interlaken Tourismus - web@interlaketourism.ch

Biking fun with a choice of routes and views of the Bernese Oberland mountain peaks

Regardless of whether you prefer your biking leisurely or fast, take the opportunity to experience a unique ride. Two different routes lead from Vorsass to Beatenberg. Race down the winding wooded roads and experience the imposing alpine panorama and natural landscapes from a different angle.

During the summer season you can hire scooter bikes at the Niederhornbahn's middle station in Vorsass. There are even special scooter bikes for your children. The staff will equip you with the necessary equipment and helmet before you set off. The cable car takes you straight to Vorsass. Two different routes with the two mascots Rocky the ibex and Happy the bunny take you along unsurfaced and asphalt roads to the railway station in Beatenberg. It's an unforgettable experience offering plenty of fun and action. Choose your own pace – leisurely or fast. The routes wind their way through verdant forests, passing lush meadows and gushing mountain streams on the way. If you feel like a taking a break, you can stop at one of the well laid out barbecue areas, so it's worth bringing a nice picnic with you.

"Rocky's run" scooter bike route, Vorsass – Beatenberg direct

The 6 km route is ideal for families and school parties. On this direct route, you speed downhill from Vorsass to Beatenberg Station on a varied, fast-paced route along asphalted forest roads. The journey time is 20 to 30 minutes.

"Happy's trail" scooter bike route, Vorsass – Beatenberg via Waldegg

The leisurely "Happy's trail" is less steep and runs along asphalted forest roads and some unpaved roads. It's a more leisurely route but involves some gradients and so requires a greater level of fitness. Leaving Vorsass, you ride towards Bodenalp and then through the forest to the Rischerental. Once you reach Waldegg, you cycle along the main road through the village of Beatenberg, the longest village in Europe, to Beatenberg railway station. The route is around 12 km long and takes about 40 to 60 minutes to cycle.
