Discover the symbol of Thun

Medieval Thun Castle has been a majestic symbol inextricably linked with the town of Thun since the 12th century. The four white towers can be seen atop the castle hill from far and wide. The views of the surrounding mountains, Lake Thun and the old town are worth the visit alone.

Thun Castle is open all year, whatever the weather. Discover a knights' hall dating from the Late Middle Ages and drink in the impressive all-round views from one of the towers. Elsewhere the exhibition of the castle museum will interest people of all ages. Before visiting, it's worth checking the events calendar for Thun Castle: with everything from classical concerts to special illuminations, the castle serves as a cultural venue too.

The castle through a child's eyes

Children can celebrate their birthdays here, and explore the castle in a fun way. "Made in Thun" is a search game that invites kids to crack a code to open a mystery box. They can also learn to be knights on the Knight's Trail, which takes in the castles of Thun, Oberhofen and Spiez.

Treasure chamber of history

Built by the Dukes of Zähringen, the castle is a true treasure chamber of history. Audio guides in German, English, French, Italian and Chinese recount the colourful history of the castle, or you can take a castle tour to learn more about background of this Swiss cultural icon. Your museum visit is easily combined with an evening meal at the Restaurant and Hotel Schlossberg.
