### Visit the castle with original interior and extensive grounds

**Standing in splendid grounds, peerless Hünegg Castle towers over Lake Thun. A stroll through the grounds brings you to the castle café and the entrance. The museum within the castle boasts an original interior largely unchanged since 1900. From the castle terrace, the views of Lake Thun and the Bernese Alps are dreamlike.**

The moment you step inside Hünegg Castle, you are transported to another era. The magnificent structure was commissioned in 1861 by Baron Albert von Parpart of Prussia and his wife Adelheid von Bonstetten, who modelled the design on Renaissance castles of the Loire in France. Later, in 1900, Gustav Lemke-Schuckert and his wife renovated the interior in the art nouveau style. The entire interior has remained unchanged ever since, providing a strong insight into life in bygone days.

### Explore the grounds

Stroll through the beautifully landscaped grounds with exotic redwoods, Lebanon cedars and multi-stemmed cypresses. See the animals of the castle park or visit the miniature house and historical viewing pavilion. The circular bench in the pavilion promises wonderful views, and the extensive grounds are open year-round. To find out more about the castle and its grounds, you can also register for a 75-minute guided tour.

### From the castle café to the basement

How about a cup of our own coffee, or a local wine in the castle café? Relax and listen to the tinkling of the fountain and as you stroll through the castle grounds. Why not organise an event at Hünegg Castle? The basement and the Kultur-Pavillon can be rented to host personal occasions such as birthday celebrations, wedding parties and cultural events.
