Take the chair lift to a hiking paradise or the ski slopes

In summer, the Grimmialpbergbahnen chair lift brings you to the starting point for hikes. As soon as the first snow falls, the slopes are prepared. The skiing region, which is clearly planned, has a chair lift, a T-bar lift and a children's lift, making it especially popular with families.

Take the chair lift to Stierenberg station. From here, a stunning hiking region opens onto an imposing alpine panorama. In winter, the Grimmialpbergbahnen transports you to a family-friendly skiing region complete with chair lift, T-bar lift and children's lift.
