

## Finkens Garten

Park/gardens

H. Schall

Finkens Garten is a nature adventure garden for preschool children. Interested guests of all ages are welcome. On the grounds of the 5 hectare nature adventure garden many plants are cultivated especially for the little visitors, which are fun for children.

Practical experience of nature is very important.

The children can observe, discover, smell, taste and feel and in this way experience the diversity of nature and the changing seasons up close.

Countless animals, including many bird and insect species that are protected, live on the varied terrain in the south of Cologne.

### More Information:

Dogs are not allowed in the garden.
