Discover the history of Thun Castle

A tour of the medieval castle and its history museum takes you on a journey to the distant past. Find out more about Thun's history right where it all began!

Rising majestically above the town from the Schlossberg, the four-towered 12th-century castle of the Zähringen family can be seen for miles. Discover the history of Thun's unmistakable landmark on a tour of the castle. Inside the five great halls of the tower (keep), you will uncover treasures and historical and cultural highlights from the castle and the medieval city. The castle's pièce de résistance is the knight's hall, Switzerland's best preserved late-medieval state room. Go on a journey of discovery with a Thun City Guide and delve into a bygone era. On the tour you will find out more about the castle and its medieval treasures.
