Find the hidden treasure chest and help yourself to a reward

The Mini Trail in Aeschi is an experience for the whole family. Your children become treasure hunters, following directions and guiding you from stage to stage. The trail leads through the village before crossing flower-filled meadows and skirting a forest, taking in many animal species along the way. Excitement, fun and recreation in the countryside are guaranteed.

Equipped with a treasure map and memory images, you and your family set out to search the village and the tranquil surrounding countryside for the pictures provided. The treasure map and memory images are available from the Aeschi tourist office. If the tourist office is closed, you can collect the things you need for the treasure hunt from the kiosk by the large car park in the village. The 90-minute Mini Trail is accessible to pushchairs and ideal for children aged 4 and above. The leisurely path leads through the quaint village before traversing flowery fields and lush meadows and skirting the forest. While the kids keep a close lookout for various clues and images, you can enjoy the breathtaking view of the Niesen and shimmering Lake Thun. Once the kids have found all the pictures on the trail, the tour of discovery ends back at the tourist office (or at the indoor pool). The treasure hunters can then delve into the treasure chest for a prize.
