Experience the first 3D-black-light miniature golf course in the Bernese Oberland

Find yourself suddenly surrounded by bright neon colours. A total of 17 unique holes with bright highlights and impressive stagings await you in this extraordinary miniature golf course. If that isn't colourful enough for you, you can also decorate the faces of your teammates with some easily removeable neon colours. After the game, why not relax in the welcoming lounge?

Experience indoor fun amid neon-luminous colours – a great alternative to the many outdoor adventure activities on offer. The miniature golf course consists of 17 holes, which were hand-built and imaginatively designed down to the smallest detail. Even the golf balls and the club are neon-coloured. The hall's walls feature drawings of typical features of the region, which glow brightly in the black light. For example, you'll find the Eiger, Mönch and Jungfrau painted on a wall. Special glasses intensify the 3D effect. Immerse yourself in another world and enjoy an unforgettable experience. A fun way of rounding off this colourful experience is to paint yourself and your fellow players in neon colours. Before the game starts, a pink heart is drawn onto the cheeks of all the players and then the adventure kicks off! After the game, you can relax in the welcoming lounge.

Your highlights at a glance

- Easily removeable UV paints double the fun – why not paint your fellow players?
- Experience the first 3D-black-light miniature golf course in the Bernese Oberland
- Location easily accessible on foot from Wilderswil railway station
