### Explore the old monastery site and admire the Gothic cloister gallery

The castle grounds and former Augustinian double monastery are situated between the Höhematte and the Japanese Garden. Rest on a shady bench beneath the trees, then stroll through the grounds to Interlaken Castle. Interlaken's former monastery site has a colourful history.

Located in the heart of town, the old Augustinian monastery of Interlaken was first documented in 1133. Following the reformation in around 1525, the entire monastery was acquired by the state of Bern and subsequently converted into a hospital. Today it is the seat of the district administrative office of Interlaken-Oberhasli; the history-steeped buildings also house the registry office for Oberland Ost. The steeple of the former abbey church, dating from the early 14th century, is especially impressive. Visit the Gothic cloister gallery in the old courtyard and the chapel dating from 1452. The extraordinary complex of historic buildings is an architectural gem.
