Explore Switzerland conveniently and easily by public transport

Switzerland is the public transport country par excellence. On the world's densest public transport network, you can discover the Holiday Region Interlaken and the rest of Switzerland comfortably and easily. One ticket is all you need: the Swiss Travel Pass. Sit back, relax and enjoy the breathtaking panoramic view: Swiss punctuality means you'll never miss a connection.

The public transport ticket for overseas tourists

Switzerland has one of the densest public transport networks in the world. The country is linked together by a close network comprising approximately 29'000 km of train lines, bus routes, boats and mountain railways. Whether from the airport, a border station or a convenient direct train from a neighbouring country, comfortable, punctual connections mean stress-free travel is guaranteed, even over long distances. You'll always get a connection; even at 3454 m above sea level, public transport services are perfectly synchronised.

The Swiss Travel System offers travellers from overseas the opportunity to discover destinations, mountains, lakes and over 500 museums with just one ticket: The Swiss Travel Pass. Travellers can explore the whole of Switzerland over 3, 4, 6, 8 or 15 days.

Find your ticket in the Swiss Travel System Swiss Travel Pass – the allrounder

The Swiss Travel Pass gives you free travel by train, bus and boat, including premium panoramic trains and public transport in 90 towns. Some excursions to the mountains are included; you receive up to 50 % discount on all others.
