Schutzhütte Apermarsch - Favorite place

This favorite place is in the Apermarsch district in the middle of fields and pastures. It was the first property to be erected in June 2020. This place became a favorite because it is a wonderful place to enjoy the sunrise. - Those who come early may meet like-minded people who greet the sun with a thermos of tea. Jörg Ridderbusch's work reflects this moment with "many colorful birds" that accompany the sunrise with a concert and happily twitter. The 2.40 m high tower is populated by brightly colored sparrows who happily enjoy their existence and "whistle" to the cat lurking below.
