

Street Art in Kassel

exhibition

various sights

Stadtteilmanagement

Anyone moving through Kassel will find large-format murals in some places in public spaces. Come with us on the "Street Art in Kassel" tour.

Colourful walls for Kassel!

Take a walk with us to the creative side of Kassel: colourful subways, legal graffiti areas and large-scale artworks on the walls of buildings. The Schillerviertel, Nordstadt and Rothenditmold have been transformed into an open-air gallery for street art.
