The Fotografie Forum Frankfurt (FFF) is a unique centre, which exhibits photographic art of the highest quality and promotes its importance as a universal visual language.

Since its founding in 1984 the FFF strives to incorporate all aspects of photography and to provide a platform for critical dialog. Through a wide-ranging programme of exhibitions, publications, workshops, lectures, presentations and symposiums, the ever evolving and classic interpretations of the photographic medium are highlighted. Emphasis is also placed upon premiering photographers work in Germany whether it be from international or national image-makers, one-person shows of historical and contemporary icons to intriguing group collections of international emerging talents.

In the beginning of 2014 the Fotografie Forum Frankfurt moved into its new exhibition space in the Braubachstrasse 30-32 in the heart of Frankfurt's contemporary arts district. Typically four to six exhibitions are shown annually. Here, the Fotografie Forum Frankfurt Academy will also acquire more space to provide intensive experimentation and learning with exceptional international photographers and media related specialists.
