The multimedia exhibition "Anne Frank. A girl from Germany" presents different "layers of history" in an interactive way. The life of Anne Frank was played out in front of a historical background yet still relates to present-day themes.

The exhibition places major emphasis on the famous "Diary of Anne Frank", highlighting topics such as persecution, disappearance, war and holocaust while addressing some of Anne's personal questions, like "Who I am?", "What's happening to me?" and "What is important to me?". An introduction to the use and themes of the exhibition is provided every full hour.
