The Bleichergärtli is located in Lucerne's Neustadt. In the heart of the residential quarter, this little oasis stands out.

The newly designed playground offers plenty of space to climb, do gymnastics and romp around. Next to it, cafés and restaurants invite you to take a break. The park is also suitable for a game of ping-pong or to soak up some sun on one of the many park benches in the Bleichergärtli during the lunch break. Shopping facilities are within walking distance and there is a public toilet facility right next to the playground.
