

Adventure Park Schongiland

Seetal Tourismus, Seetal Tourismus

The Schongiland family park in the heart of Switzerland welcomes you!

The colourful Schongiland play, fun and adventure park between Aesch (LU) and Muri (AG) offers everything a (child's) heart desires: hang-gliding swing, Schongi loop, butterfly and much more. The highlight is the 380-metre-long summer toboggan run - the only covered and thus weatherproof run of its kind.

More than just a theme park

Don't miss the stone mill dating from 1036, where grain is still ground today. At one of the many great barbecue spots, by the fish pond or in the cosy Beizli with its delicious offerings, you can recharge your batteries for the next games. A visit to Schongiland is also an ideal children's birthday present!
