The Lido and indoor swimming pool tempt you with everything that makes a lido special.

The Weggis lido opened its doors in 1919. It was the first mixed lido in Switzerland. A pioneering achievement that was controversially discussed. 100 years ago, it was by no means a given that women and men could enjoy bathing together. For some, the opening of the mixed-gender facility was a sensation, for others a scandal.

The colourful bathing huts and the unique location still inspire today. In the Lido Restaurant you can fortify yourself with drinks, food and ice cream.
