KölnTourismus GmbH is the official tourism organisation for the city of Cologne and the first point of contact for leisure and business travellers from all over the world

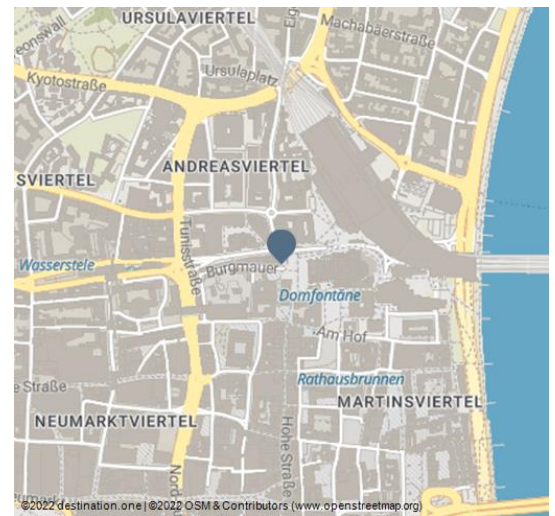

Are you looking for hotel rooms for your conference participants? Thanks to our close cooperation with the Cologne tourism industry, we have a strong network and can find the right hotels for your participants, from youth hostels to luxury hotels!

Whether as a room contingent or fixed booking, we will take care of room contingents within the Cologne hotel industry in consultation with you and according to your requirements. In addition, we can create a customised microsite for your event website in cooperation with Kuoni Tumlare.

As a further service, our booking and information hotline is available to your conference participants for personal advice on individual bookings.

Openinghours

Weekday	Time
Monday Saturday	09:00 - 18:00
