

Sehenswert — The agency for city adventures

Incoming agencies

Event agency

Panorama Köln - © Stephanie Biernat, Sehenswert

Sehenswert offers individual ideas for interesting event programmes.

Worth seeing: We think along with you.

Where do your participants come from and what do they do afterwards? What is the theme of your event? How much time do you have? We use these and other questions to get an idea of your needs. Then we do everything we can to implement your requirements in a targeted manner. And very importantly, we can achieve a lot even with small budgets.

The result is an experience.

Have your guests already seen everything? Let us surprise you with programmes like the "Cologne DinnerTour". Do you want your ladies' programme to be unforgettable? Create a highlight in your partner programme with the "Kölner GenießerTour". Do you want the participants to interact? Take advantage of our specialisation in this area. Get your group moving with our interactive city game "Let's go team Cologne".
